- Developed growth strategies for 2+ startups, improving client engagement by 30%. - Evaluated and shortlisted 20+ startups, enhancing onboarding efficiency by 25%. - Led execution of the Clientell AI consulting project, conducting market research, competitor analysis, and go-to-market strategy development for a tech product. - Identified 3 key market gaps for Clientell AI and improved LinkedIn engagement by 45% through targeted content strategy.	
SARC, BIT Mesra Strategic Engagement & Operations	Ranchi, India 2024 – Present
- Streamlined the BITMAA alumni database, improving accuracy by 40% across 1000+ records. - Coordinated logistics for alumni events with 200+ attendees. - Facilitated mentorship connections, creating 30+ alumni-student pairings.	

Projects

Binge Baithak – Real-Time Watch Party Platform
- Engineered a full-stack watch-party platform enabling synchronized video playback and live communication for multiple concurrent users. - Built real-time event-driven communication using Socket.IO WebSockets, handling room creation, user sessions, playback synchronization, and chat messaging. - Designed synchronization logic to mitigate network latency and maintain playback consistency across distributed clients. - Developed backend APIs using Node.js, Express.js, and MongoDB, implementing room management and persistent message storage.
Jioresume – AI-Powered Full Stack Resume Builder (MERN + AI)
- Built a full-stack AI resume builder using React.js, Node.js, Express.js, and MongoDB with secure authentication and user resume management. - Integrated Google Gemini AI to optimize and enhance resume content based on user input and job-relevant keywords. - Implemented features including resume live preview, shareable public links, multiple templates, and CRUD-based resume management. - Used ImageKit for image upload and optimization, and deployed the application on a VPS-based production environment.

Achievements

- Solved 500+ algorithmic problems across LeetCode, Codeforces, and GeeksforGeeks. - Achieved Pupil (1337) rating on Codeforces and secured Global Rank 1473 among 10,000+ participants in Codeforces Round 1091 (Div. 2). - Directed 3 national-level case competitions and 5 speaker sessions, increasing participation by 50%.
